

select_list_slil :

The diagram illustrates the structure of the `select_list_slil` variable. It consists of a large, rounded rectangular container. Inside this container, on the left side, is a small triangular arrow pointing to the right. To the right of this arrow is a smaller, horizontally-oriented rectangle with a double-line border. Inside this inner rectangle is the text `<value_expression_pls_sli>`. A line extends from the right side of the inner rectangle, passing through the right edge of the large container, and then continues as a horizontal arrow pointing to the right, exiting the frame of the diagram.
