

fmt_val_expr_list :

The diagram illustrates a list structure. A large, rounded rectangle contains a smaller, horizontally-oriented rectangle with a double-line border. Inside this inner rectangle is the text `<fmt_val_expression>`. A horizontal line extends from the right side of the inner rectangle, passing through the right side of the outer rectangle. This line then curves downwards and to the right, ending in an arrowhead. Another line extends from the left side of the outer rectangle, curving downwards and to the left, ending in an arrowhead. The overall shape is reminiscent of a large, stylized 'C' or a container for a sequence of elements.

`<fmt_val_expression>`
