define_section :

The diagram contains the following elements:

- CONSTANT / CONST → identifier → (= = / =) → character-string
- CONSTANT / CONST → identifier → (= = / =) → identifier
- CONSTANT / CONST → identifier → (= = / =) → <numeric value> / . → <integer value>
- CONSTANT / CONST → identifier → (= = / =) → <integer value>
- identifier → dtype → AS STATIC
- identifier → (CONSTANT / CONST) → <integer value> / character-string / <numeric value> / . → <integer value> / – → <integer value>
- DEFINE → ;
- DEFINE NEW TYPE → identifier → AS → dtype → ;
